Ένα όνειρο που είδα ή θα ήθελα να δω

Στο όνειρο μου είδα ότι ημουν κακια μαθητριά που με έβαλαν κάθε μέρα τιμωρία. Και μια μέρα για τιμωρία μου έβαλαν ένα τσοπίτλο γοργουνίσιο κεφάλι. και μετά ξήνησα και είδα ότι ήταν ένα όνειρο.

Νατάσα Μπούτζα

μετά του το ενδιαφέρον για τη μηχανή.
Πρότεινε ένα νέο σύστημα για να κατεβάζουν τα βαγονέτα με τα κάρβουνα πάνω σε ξύλινες ράγες κι αυτό ήταν η αρχή για την κατασκευή των σιδηροδρομικών γραμμών και των ταξιδιών με τρένο.

Με τον καιρό οι μηχανές μπήκαν στη ζωή των ανθρώπων. Το ίδιο ταξίδι που προηγουμένως διαρκούσε ολόκληρες εβδομάδες, έγινε υπόθεση λίγων ημερών.

How to create ...

Scene from the film *Mickey's Trailer*, 1938

Goofy
He began life as *Dawg* but emerged star in *Goofy and Wilbur* (1939). He always well-meant but not very bright bit of a clumsy klut. Goofy's distinctive often-imitated, vor manages to be war affectionate and s. His popularity ste from his good hum in the face of adv his bumbling inept and his lovable innocence. Perhaps there is a touch o Goofy in us all, w Is why we are so fond of him.

Donald: the Oscar-winning duck

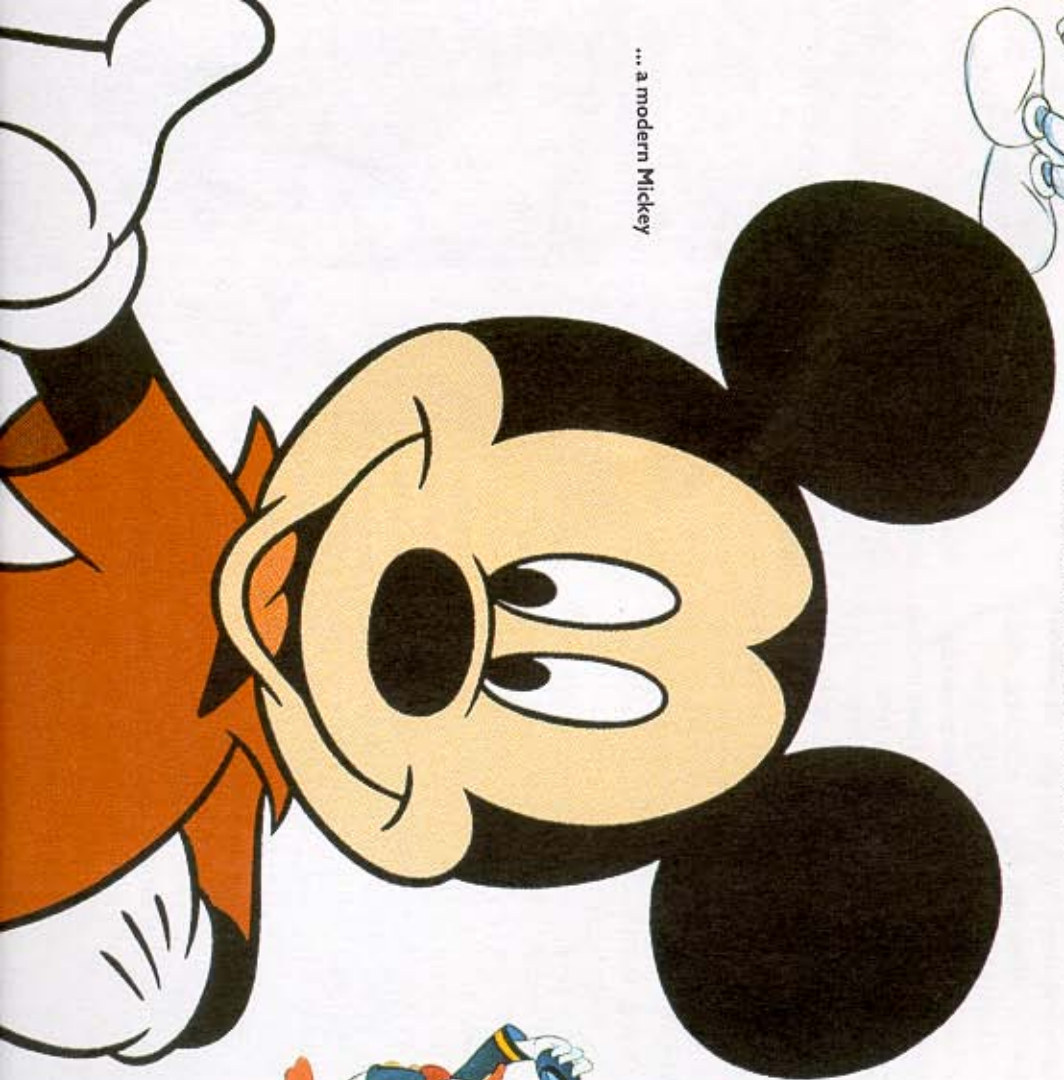

Donald Duck can be pushy, boastful, loud, hot-headed, impatient, self-centred and a sore loser. He may stand with the best of intentions, but when things go wrong he loses his temper and lets his frustration show.

is an endearingly childlike quality in his stubborn n

to give up even when circumstances are plainly against him. It's always fun to watch Donald in one of his predicaments, either he is laughing at someone else's misfortunes. The radio comic, Clarence Nash, perfected the irascible quack. Donald's favourite phrases are: "Aw, phooey!", "Hey! What's the

ΤΟ ΑΥΤΟΚΙΝΗΤΟ

Τα πρώτα αυτοκίνητα είχαν ως κινητήρια δύναμη το **πετρέλαιο**, γνωστό ήδη στην αρχαιότητα και ειδικά στην Κίνα. Το 1908 ο Γερμανός **Ντσίμλερ** εφευρέ τον **κινητήρα βενζίνης**, μια μηχανή με την οποία κινούνται τα αυτοκίνητα. Σιγά σιγά καθώς η κατασκευή των αυτοκινήτων τελειοποιήθηκε, έγιναν πιο άνετα και γρήγορα οχήματα. Στα τέλη του 1896 φτιάχτηκε μάλιστα το πρώτο **οικολογικό αυτοκίνητο** που δεν μολύνει τον αέρα γιατί κινείται με τη δύναμη του ηλεκτρισμού.

Μια μέρα ένα σύννεφο κατέβηκε κάτω και μου είπε να ανεβώ επάνω του. Κι εγώ ανέβηκα. Αυτό το σύννεφο είχε σχήμα τεραστίου καλαμποκιού. Αυτό το σύννεφο μέσα του είχε έναν άλλο κόσμο. Μέσα σ' αυτόν τον κόσμο όλοι ρετούσαν. Με πήγε στο διάστημα και είδα τον ήλιο και τα αστέρια. Είδα και ένα διαστημόπλοιο και το χαιρέτησα. Οι άνθρωποι που ήταν μέσα σ' αυτό έμειναν με ανοιχτό το στόμα.
